

Carbon Reduction Plan

Supplier name	Wellgate Support Ltd
Publication date	16/10/2025

Commitment to achieving net zero

Wellgate Support Ltd is committed to achieving net zero emissions by 20**50**.

Baseline emissions footprint

Baseline emissions are a record of the greenhouse gases that have been produced in the past and were produced prior to the introduction of any strategies to reduce emissions. Baseline emissions are the reference point against which emissions reduction can be measured.

Baseline year: 20 25	
Additional details relating to the baseline emissions calculations:	
This is our first carbon reduction plan.	
The majority of emissions relating to our business come from staff commutes. Since this is a growing business, we will need to consider increased staff numbers in our next carbon reduction report.	
Baseline year emissions:	
Emissions	Total (tCO2e)
Scope 1	0
Scope 2	0
Scope 3 (included sources)	24.06
Total emissions	24.06

Current emissions reporting

Scope 3 (included sources)	24.06
Total emissions	24.06

Emissions reduction targets

In order to continue our progress to achieving net zero, we have adopted the following carbon reduction targets.

We project that carbon emissions will decrease over the next five years to **21.654** tCO₂e by 20**30**. This is a reduction of **10**%.

Carbon reduction projects

Future carbon reduction initiatives

In the future we plan to explore carbon reduction measures

such as:

The introduction of a cycle to work scheme.

Encouraging staff to utilise public transport or car sharing for their commutes.

Installing electric vehicle chargers at our services.

Encouraging online meetings where possible.

Increasing staff awareness around the importance of carbon reduction.

Increasing use of local suppliers and selecting more carbon efficient delivery options when placing online orders.

Encouraging people we support and staff to get involved in local green initiatives.

Creation of a "Green Team" or appointing sustainability champions to lead initiatives.

Introduction of an award to recognise sustainable ideas, initiatives, or performance.

Declaration and sign off

This Carbon Reduction Plan has been completed in accordance with PPN 006 and associated guidance and reporting standard for Carbon Reduction Plans.

Emissions have been reported and recorded in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard¹³ and uses the appropriate government emission conversion factors for greenhouse gas company reporting.¹⁴

Scope 1 and Scope 2 emissions have been reported in accordance with SECR requirements (where required), and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard.¹⁵

This Carbon Reduction Plan has been reviewed and signed off by the board of directors (or equivalent management body).
